Shanghai, China

Undergraduate semester, Information Science — **Feb – Jul 2019**

Research

Work in Progress

- **"Induced Green Technical Change and Public Finances"**, C. Seghini (Banque de France) and O. Lelouch. Banque de France Working Paper.
- **"Public Finances, Sovereign Credit Risk, Sovereign Debt Sustainability and the Financing of the Low-Carbon Transition"**, O. Lelouch. University College London.
- **"Sustainability-Linked Instruments for Sovereigns and Public Sector Issuers"**, G. L. Frisari, O. Lelouch, L. Rayman and D. Wang. World Bank Staff Position Note.
- **"Sovereign Debt Buybacks: A Strategic Tool for Resilience"**, C. Laskaridis and O. Lelouch. CETEx, London School of Economics.

Working Papers

- **"Is the Energy Transition a Window of Opportunity for Resource-Based Industrialisation? A Review and Cross-Case Analysis of Export Controls on Energy-Related Raw Materials"**, W. McDowall, R. Clube, J. Watson, Y. Yang, O. Lelouch and L. Zagato. SSRN working paper, Aug 2026. Submitted to *Resources Policy*.

Reports and Policy Contributions

- **"Hooked on Subsidies: The Case for Reform"**. World Bank, Washington, DC, 2026. Contributor.
- **"The Scoping Workshop Report on the International Governance Structures for Low-Carbon Investment Risk Guarantees in EMDEs"**, Y. Melekh and O. Lelouch. UCL Institute for Sustainable Resources, UCL Centre for Law and Environment and Chatham House, Sep 2025.

- **"Climate Policy Assessment Tool (CPAT)"**. World Bank and International Monetary Fund (IMF), Washington, DC, 2024. Contributor.
- **"Scaling Clean Energy Through Climate Finance Innovation: Structure of an Exchange Rate Coverage Facility for Developing Countries"**, P. Benoit, J. Elkind, L. Beltran, J. Roche, E. Mehlum, O. Lelouch and C. S. Sinha. Center on Global Energy Policy, Columbia University, with the World Bank and the World Economic Forum, Oct 2022.
- **"Lyon–Turin European Rail Link: Avenues for Funding"** (in French), A. Aymé, L. Clavurier, C. Maggi and O. Lelouch. Comité pour la Transalpine and Sia Partners, Jul 2020.

CURRENT AND PAST APPOINTMENTS

BANQUE DE FRANCE
London, UK (remote)

Visiting Researcher, *Macroeconomic Modelling Division (DGSEI)* **Aug 2026 – Present**

- Assessing the impact of green technical change and innovation on public finances and sovereign default probability in a GMMET-style DSGE model, comparing R&D subsidies with carbon pricing and deployment subsidies

THE WORLD BANK GROUP
London, UK · Washington, DC, USA

Sovereign Finance Specialist (consultant), *Long-Term Finance Unit* **Sep 2024 – Jan 2026**

- Drafted the Staff Position Note "Sustainability-Linked Instruments for Sovereigns and Public Sector Issuers"

Macroeconomist (consultant), *Macro-Fiscal: Resilience Aspects of Fiscal Policies* **Feb 2022 – Aug 2024**

- Delivered macroeconomic advisory and research for sovereigns: advised the Tunisian Finance Ministry on fossil-fuel subsidy reform, provided inputs to the **Country Climate and Development Report**, and led the report on carbon taxation in Senegal
- Assessed the fiscal and macroeconomic effects of energy policies and price reforms for multiple countries, using the World Bank–IMF **CPAT** model

LONDON SCHOOL OF ECONOMICS (LSE)
London, UK

Visiting Researcher, *CETEx (Centre for Economic Transition Expertise)* **Mar 2025 – Jan 2026**

- Analyzed decades of sovereign debt buyback experience to draw lessons on the effectiveness and pitfalls of buybacks, and to assess new types of buyback operations such as debt swaps

UNIVERSITY COLLEGE LONDON (UCL)
London, UK

Research Assistant, *Sovereign Finance* **Sep 2024 – Dec 2025**

- Analyzed governance structures for low-carbon investment risk guarantees in emerging markets and developing economies (EMDEs), in collaboration with Chatham House, and co-authored the **scoping report**

INTERNATIONAL ENERGY AGENCY (IEA, OECD)
Paris, France

Analyst, *Oil Industry and Markets Division* **Mar – Sep 2021**

- Led the creation of the world refinery hydrogen production model for the **Global Hydrogen Review 2021**
- Provided inputs to seven issues of the monthly **Oil Market Report**: market analysis and statistics building

SIA PARTNERS
Paris, France

Consultant, *Strategy and Management Consulting* **Mar – Sep 2020**

- Developed a USD 32 bn **financing plan for the Lyon–Turin rail link**, targeting a 20% freight shift to rail
- Delivered the post-COVID strategy for a major medical transport company, preserving >95% of the workforce

TEACHING

UCL, BENV0149: Climate Finance (Postgraduate). **Spring 2025, 2026**
Preceptor, Examiner and Course Organizer for Prof. Nadia Ameli

FELLOWSHIPS

UKRI ESRC doctoral studentship (full award) **2025-2028**
UCL, Bloomsbury and East London Doctoral Training Partnership (UBEL) Main Competition. International studentships for 2% of applicants (2025 entry)

CERTIFICATIONS

IMFx (edX), DMIRx: Debt Management, Debt Reporting and Investor Relations **Apr 2026**

ADDITIONAL SKILLS

Languages	**English** Native **French** Native **Spanish** Intermediate **Chinese** HSK2
Models	**DSGE** Proficient **CGE** Acquiring **SFC** Acquiring **Networks** Proficient
Econometrics	**Panel data** (fixed effects, dynamic GMM), **VAR**, local projections, instrumental variables
Programming languages	Python, R, Java, MATLAB (+ Dynare)
Software	Stata, Vensim, LaTeX, Microsoft Office, Claude Code, GitHub Copilot, Codex
